STAT

Attached are doilies, but sincere.

Charlie, the trip was well worth your, our, and
their efforts. My thanks to you.

19 March 1970

Bob -

I benefited much from our visit to your effective operation. I should be able to translate those benefits into more effective and productive management here.

My thanks to you and your crew for the time and attention generously given to us.

Ralph -

I was most impressed by both the present and prospective capabilities of your facility, as well as by the fine and modern attitudes of the professionals of all ranks who make the facility go.

My thanks to all of you for the rewarding time and attention you gave to us.
